DETAILED ACTION

1. Claims 20-23, 25-28, and 81 are pending. Claims 20 and 25 have been amended and claim 29 has been cancelled in the communication filed 11/22/04 entered as Response After Non-Final Action has been entered.
2. The Change in Power of Attorney and Correspondence Address change filed 12/22/04 has been entered.
3. The Supplemental Response filed 12/22/04 has been entered.
4. The IDS filed 12/14/04 has been considered and entered.
5. The Status Inquiry received 2/02/06 will be entered.

Drawings

6. The drawings are objected to because Drawing Figures 1-9 and 11 are too dark. The shading needs to be removed in order to read the text of the drawing elements. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application

must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claim 1 recites the limitation "privacy compliant" in line 6, page 2. Page 2, line 6 recites the limitation "dynamic dataset" and line 7 recites the limitation "static dataset". Claim 25, page 4, line 1 recites the limitation "privacy compliant" and "dynamic dataset", in line 2 recites the limitation "static dataset", "dynamic and static datasets", and "static and dynamic datasets". There is insufficient antecedent basis for these limitations in the claims.

Claims 20 and 25 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 20, page 2, line 6 recites "collecting in a privacy compliant manner at least one dynamic dataset, representing". Suggestion: "collecting at least one dynamic dataset without knowing individual –specific demographic information, representing". Claim 25 has a similar problem. The "privacy compliant" needs to be replaced as discussed in the interview with applications 10/241,840 and 10/241,833. Applicants' are respectfully requested to refer to the interview for applications 10/241,840 and 10/241,833.
